

KEEP WARM & SAVE MONEY

The CCB Oil Club can save you time and money by harnessing the bulk purchasing power of individuals in rural communities. Join today.

Tel: 0118 9612000 www.ccb-oil-club.org.uk

With the CCB Oil Club you could save up to 20% on oil orders.

What is the CCB Oil Club?

We offer a local community based, oil buying service for members who are not on mains gas and use domestic heating oil. The CCB Oil Club harnesses the purchasing power of the many individuals in rural communities. The opportunity to place a fuel oil order through the club can save you significant time and money.

Why join the CCB Oil Club?

- The CCB Oil Club saves you time and money, taking the stress out of negotiating the best price with oil suppliers.
- Orders can be placed easily either online or by post.
- Bulk buying oil can also help reduce carbon footprint as fewer oil tankers are on the road at any one time.
- Your membership fee helps CCB to make a difference to life in Berkshire's rural communities.

Joining

Joining is simple and membership is open to individuals, community buildings and businesses. Either go to **www.ccb-oil-club.org.uk** and complete the form or fill in the paper application form opposite.

Annual membership fees:

Domestic = £20

Community buildings = £30

Businesses = £100

CCB is an independent, not for profit charity that helps to build vibrant and sustainable local communities in Berkshire. At CCB we recognise that the current recession and tough economic times have hit us all hard, and are developing new services to safeguard the future for the communities we serve. The CCB Oil Club is one such project that we believe can make a real and lasting difference to people in rural communities. We have been working with Berkshire's communities since 1973 - so have the knowledge and expertise to find solutions that really work.
